VISION PURCHASE SERVICE

BENEFITS

The Vision Purchase service offers you a one-off purchase linked to planned partial sales over the time that you decide.

Also, if you want, you can combine your Vision Purchase with our **Regular Purchase Service**, partial or total, and fully maximise your purchase. Decide if you want to allocate monthly revenue, entirely or just partially, to your Regular Purchase and continue accumulating metal as an investment with your linked **Vision Purchase**.

CONTRACTING IN 3 STEPS

1 DESIGN OF PLANNED ACQUISITION

Plan how you want to carry out the partial sales, following the first purchase, and for how long (5, 10, 15, 20, 25, or 30 years).

Choose the initial amount and if it suits you to have a portfolio with a single metal (gold, silver, platinum, or palladium) or if you prefer to combine them.

Also, you can link the **Vision Purchase** service to a **Regular Purchase** service, the most convenient way to continue to accumulate metal.

We support you at all times so you can decide the most interesting option according to your interests and activate the purchase.

2 VISION PURCHASE ACTIVATED

The contracting procedures begin with an **Order Form** and the required documentation. Once the contract has been signed, you have 5 working days to carry out the bank transfer for the amount of your purchase.

Within a maximum period of 30 working days you will receive the **Annex** with the details of your metal assignment duly identified. You will begin to receive the amount of your partial sale the following

3 YOUR METAL, DULY PROTECTED

For greater security, the metal purchased will be deposited at a first-rate security company during the term of the contract.
